Cash or accrual calculation per contract. Define a unique royalty payment frequency per contract – daily, weekly, monthly, quarterly, yearly. Flexible calculation types include flat fee, fixed amount, list price, net amount or a combination.

Benefits

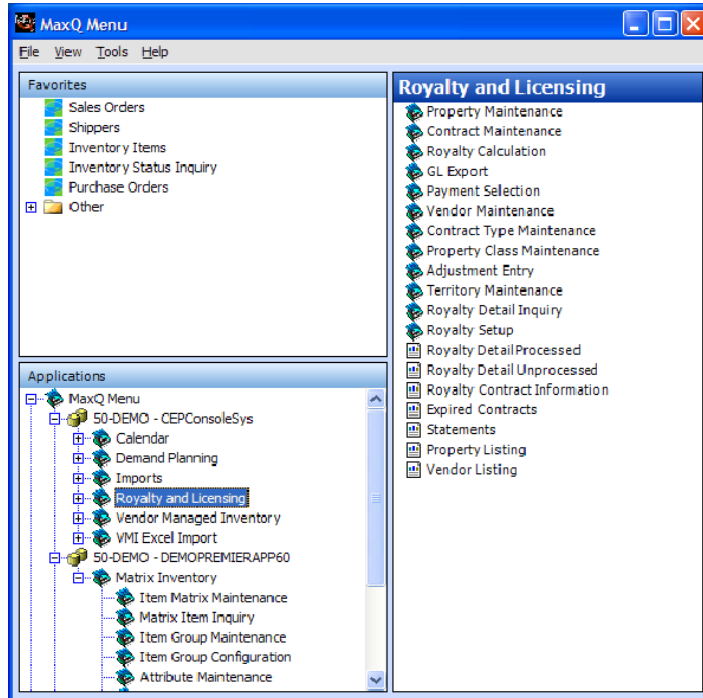

Superior Processes. Provides the ability to track various forms of royalties including sliding scale rates, effective dates and guaranteed royalty amounts.

Seamless Integration. Integrates with Microsoft Dynamics SL. Creation of Accounts Payable vouchers enables MaxQ AP/PR laser checks to be created.

Reduced Costs. Cuts administrative time—creates general ledger entries for accrual of royalties' payables.

Valuable Analysis. Tracks licensee account information contract details, rights and the royalty payment requirements.

Increased Efficiency. Flexible calculation types include flat fee, fixed amount, list price, net amount and/or combinations of them.
